

Feel High - ANDIYAH

VERSE 1

Take your time
Make me believe
That you're mine
Close your eyes and drift away with me
To where our love could be

PRE-CHORUS

Don't worry about a thing
Our passion's endlessly
Drowning in your sensuality
A sea of tranquility

You should know that...

CHORUS

Your love makes me feel high
When I look into your eyes
Our love's on fire
I can't deny
When you are here
By my side
Your love makes me feel high
Mmh

VERSE 2

Come closer
Wrap yourself around me
Take the lead
I wish we could stop the hands of time
Forever be mine

You must know that

CHORUS

Your love makes me feel high
When I look into your eyes
Our love's on fire
I can't deny
When you are here
By my side
Your love makes me feel high
Mmh

BRIDGE

You put a spell on me
Let's bend reality
You make me come alive
In our own paradise
I think I lose my mind
Tonight let's do it right
'Cause your love makes me feel high

CHORUS

Your love makes me feel high

When I look into your eyes

Our love's on fire

I can't deny

When you are here

By my side

Your love makes me feel high

OUTRO

High, high
